

NEGOTIATIONS ON.

Chinese Minister at London Asserts They Have Actually Commenced at Peking.

ONLY OF A PRELIMINARY CHARACTER.

Minister Wu Delivers a Message From the Emperor of China to President McKinley in Person.

French Charge d'Affaires, M. Thibault, Called at the State Department and Had a Conference With Secretary May.

London, Oct. 18.—The Chinese minister here, Sir Chih Chen Lo Feng Lub, asserts that peace negotiations have actually begun at Peking between the Chinese plenipotentiary and the representatives of the powers, in the Taung Li Yamen buildings, which, he adds, were recently over to the Chinese for that purpose.

Washington, Oct. 18.—If any peace negotiations have begun in Peking, as asserted by the Chinese minister at London, they are simply of a very preliminary character, confined probably to the exchange of the credentials of the officials appointed by the emperor to represent the imperial government. Neither the Chinese minister here nor the state department has any information in regard to the beginning of negotiations. Earl Li Hung Chang and Prince Ching, two of the representatives of the imperial government, are in Peking.

AN UNUSUAL COURSE.

Washington, Oct. 18.—It is a very unusual thing for a minister to communicate direct with the president. Only the accredited representative of a foreign power having the rank of an ambassador, according to diplomatic usage, can hold a personal audience with the president or act for transaction of diplomatic business; but the unusual character of the message which Minister Wu had to convey warranted the departure from ordinary diplomatic custom. After delivering a message from the emperor of China for which the president expressed his great appreciation, Minister Wu and the president talked for some time about the situation in China.

ANOTHER FRENCH MEMORANDUM.

Washington, Oct. 18.—The French charge d'affaires, M. Thibault, called at the state department Wednesday and had a conference with Secretary May. It is understood that he presented his credentials, exchanged with the peace negotiations with China began immediately, in accordance with the favorable action of the powers on the recent note of the French government. M. Thibault also made known the following changes in the answers received from the several governments, and pointed out the desirability of having action taken at once to carry out the several points on which the powers have been brought into agreement.

THE TAI PING REBELLION.

Hui Chow Taken, and It is Believed the Reformers Will Capture Canton Within a Week.

Hong-Kong, Oct. 18.—Advises from Canton say it is reported there that San Yat Sen, the reformer, captured Hui Chow last Monday. The Cantonese assert that, if Hui Chow, which resisted the insurgents in the Tai Ping rebellion, falls thus, the rebels will be able to take Canton within a week.

Adm. Wu, with the bulk of his forces, left Sam Chun Wednesday morning in pursuit of the rebels, leaving 250 troops to protect Sam Chun and sending 300 to garrison the mandarin station at Xao Tau on the western side of the Deep bay.

Garrison Maricella at Hong-Kong.

The United States gunboat Maricella from Swatow arrived at Hong-Kong, coalated and proceeded for Canton.

Berlin, Oct. 18.—M. de Giers and the Russian legation, according to a dispatch from Tien-Tsin, the Kolo-Zedang, were to be ordered back to return to Peking within a few days.

Peking, Oct. 16, via Tien-Tsin, Oct. 17, via Shanghai, Oct. 18.—Prince Ching and Li Hung Chang have addressed a joint meeting of the foreign envoys, fixing Saturday next for the first meeting to discuss the conditions of peace.

PRINCETON DEFEATS SYRACUSE.

Princeton, N. J., Oct. 18.—Princeton's football eleven won their second victory yesterday in a rather one-sided contest, 43 to 9, getting two touchdowns in the first half and four touchdowns and two field goals in the second. Three goals were kicked from touchdowns.

Quarantine Raised.

Topeka, Kan., Oct. 18.—Gov. Stanley issued a proclamation Wednesday raising the quarantine which was established March 3, 1900, to prohibit the shipment of uninfected cattle to Kansas from the eastern and mid-west states.

PRINCE BISMARCK'S LAST PRAYER.

Berlin, Oct. 18.—Prof. Wilhelm Ostwald, of the University of Göttingen (Hesse), who was intimately acquainted with the late Prince Bismarck, writes to a Dresden journal that Bismarck's last prayer was: "Lord, I believe. Help thou mine unbefie."

HON. JOHN SHERMAN.

The Great Statesman is Critically Ill—Had Another Paroxysm, and Is Only Able to Take Nourishment Hyperbolically.

Washington, Oct. 18.—Former Cabinet Officer and Senator John Sherman is dangerously ill at his residence on K street in this city. The attack has taken the form of a general debility incident to old age and to the effects of the serious illness which he suffered while on a trip to the West Indies two years ago. He never fully recovered from that illness.

Mrs. Sherman's death at the old homeplace at Mansfield, O., where the family was staying during the summer, also had its effect upon the venerable statesman who deeply mourned her loss. Mr. Sherman returned to Washington several weeks ago from Mansfield and since then has been living in the family residence.

IN PAIN AND FOR SOME TIME.

He was then in feeble health but was able to take daily drives about the city. For the past week, however, he has been gradually growing weaker and Tuesday and Wednesday his condition grew worse and relatives in various parts of the country, and friends of the change, spoke of them as expected to come to the city. There is said to be no very immediate danger of death and it is possible he may rally, if no further unfavorable symptoms occur. The ex-secretary is in his 78th year and has been a hard worker all his life.

MURDER MYSTERY.

Man's Body Decapitated and Devoid of the Limbs in a Gunny Sack, Found in a Pond.

Lynn, Mass., Oct. 18.—That great "trunk tragedy," as it was known throughout all New England back in 1872, when the mutilated body of James Clark was found wedged into a trunk in the Concord river, was in some respects more mysterious than the murder which was revealed Wednesday by the finding of a man's body, decapitated and denuded of the limbs, in a gunny sack, in Glendale pond.

The police Wednesday night are investigating the fact that George E. Bailey has been murdered, and have taken under arrest John C. Best, 32 years of age, a farm hand, employed on the estate of which the supposed victim of the murder was caretaker. The police, in searching the Breakaway farm, found the man's body, lying, found in the barn ceiling, in which bore blood stains, but it is not certain they are of human blood, similar stains on a window sill and on a piece of cardbord in a room of the Lehigh and Schuykill districts he abhorred.

THE DEFENDER MEETS ITA CRONE.

The trial of the "Vanderbilt" will close its case late Wednesday afternoon, and the commonwealth began its rebuttal testimony, which will likely be concluded Thursday.

MINERS' VICTORY.

The Coal Operators Accede to All the Demands That Were Made by the Strikers.

TRROUBLE PRACTICALLY AT AN END.

A Permanent Increase of Wages 10 Per Cent, and the Abolishment of the Siding Scale.

Nothing Now Remains But for the Men to Return to Work as Soon as Notices Are Posted by the Colliery Managers.

Philadelphia, Oct. 18.—The great strike of the anthracite mine workers of Pennsylvania which began September 17, practically ended Wednesday when the Philadelphia & Reading Coal and Iron Co. and the Lehigh Valley Coal and Anthracite Co. agreed to the sliding scale in their respective regions and to grant an advance in wages of ten per cent, net, the advance to remain in operation until April 1, 1901, or thereafter. This action meets the demands of the Scranton miners convention. The decision was arrived at after a conference between representatives of the individual coal operators and the large coal carrying companies. The conference began Tuesday.

THE OPERATORS' MEETING.

Wednesday's action was the culmination of the recent meeting of individual operators at Scranton following the miners' convention held in that city. The miners' convention in the same city, nearly all the collieries in the coal region had previous to the miners' convention granted an advance of ten per cent. The miners' conference in considering this demand that the sliding scale in the Lehigh and Schuykill districts be abolished, recommended that the miners' association should make an offer to the operators to grant an increase of ten per cent, net, to begin April 1, 1901.

launched, the increase to be guaranteed until April 1, 1901, and all other differences to be submitted to arbitration. The individual operators agreed to everything and the appointment of a committee to induce the Reading and Lehigh Cos. to abolish the sliding scale and make the wage increase permanent followed.

COMPLETE VICTORY FOR THE STRIKERS.

It is conceded that the result of Wednesday's conference is a complete victory for the miners. All the demands of their convention are accepted to and one of the individual operators, but it is agreed that the miners' conference will go further in agreeing to maintain the wage advance after April 1. This same operator, who requested that his name be not used, said, in speaking of the conference:

"It is all up to the miners now. We have got everything, and nothing remains but for them to return to work as soon as the notices are posted by the colliery managers. These notices will be practically similar to the Reading Co.'s notice, the phrasology only being changed."

MEY RESUME NEXT MONDAY.

The Collision of the Torpedo Boats Dahlgren and Craven Ordered Investigated.

Newport, R. I., Oct. 18.—A board of inquiry has been convened to investigate the collision of the United States torpedo boats Dahlgren and Craven off Castle Hill Tuesday night. The winter was only slightly damaged, but the Dahlgren plunged into the stern of the Craven, ripping away everything abaft the water line, and a second attempt to reach the ship was again blown out of her course and a second time rammed the Craven, this time shattering her starboard engine. The Craven had previously struck the Dahlgren, twisting her own bow around. Lieut. G. Miller was in charge of the Dahlgren and Lieut. Fred Brown of the Craven.

YOUTSEY IS WORSE.

He Had Another Paroxysm, and Is Only Able to Take Nourishment Hyperbolically.

Georgetown, Ky., Oct. 18.—Youtsey's condition Wednesday night was much worse. He had another paroxysm, and is unable to take nourishment except hyperbolically.

In the trial Wednesday Prof. J. C. Lyle, the medical chief physician of Georgetown, testified as to his measurements from the window of Powers' office to the huckleberry tree, and said if the bullet fell 13-18 inches in passing through Goebel's body, estimating the distance at one foot, that the bullet must have started from a point near the window of Powers' office, but that the shot was fired from the second-story window, the bullet would have passed many feet over Goebel's head, if it had fallen 13-18 inches to the foot.

JIM HOWARD TESTIFIES.

James Howard testified that he was the same Howard who was recently tried and convicted for the murder of George E. Bailey, and that he never had any talk at any time with Youtsey, nor did he accompany Youtsey to any place or room anywhere at any time; that he was not in Caleb Powers' office, nor in the jail, and went to Frankfort on January 20 to secure a pardon from Taylor; that he was in the Board of Trade hotel when Goebel was shot.

BERNARD SEVERAL TERMS IN CONGRESS.

He served in that and each successive congress until the 5th, when he was defeated. He was chairman of the ways and means committee and carried through the house the measure to prohibit the practice of the Sherman law and the tariff bill which bore his name. He was president of the democratic convention in Chicago in 1892. He had frequently been mentioned as a candidate for the senate of the United States, and had been a member of the house for 12 years, and was elected to become a candidate for speaker of the house during his membership in congress. In 1895 he was made postmaster general by President Cleveland.

PRINCE HOHENLOHE.

The German Chancellor Tendered Resignation and It Was Accepted By the Emperor.

Berlin, Oct. 18.—The Koinische Zeitung asserts that Prince Hohenlohe has tendered his resignation as imperial chancellor and that it has been accepted.

According to the same authority Emperor William has designated as the retiring chancellor's successor Count Von Buelow, minister of foreign affairs.

Although rumors had been current for several days that Prince Hohenlohe intended to retire, little credence was given to any of them, since such reports had returned periodically for several years past.

DISAGREED WITH EMPEROR.

The fact is that neither the foreign officers nor any other government department in Berlin knew of the emperor's personal policy in China. To his friends, Prince Hohenlohe, during the last three months, has repeatedly expressed strong criticism upon what he called the Kaiser's "sentimental and impulsive interference in the troubles in China."

The reason which induced the prince to insist upon retiring were, in the main, his rapidly growing influence in the direction of the emperor's personal policy in China. To his friends, Prince Hohenlohe, during the last three months, has repeatedly expressed strong criticism upon what he called the Kaiser's "sentimental and impulsive interference in the troubles in China."

The defense got in some strong testimony, squaringly contradicting the prosecuting witness, and on the whole was a good day for Youtsey.

Defend Brooklyn in the Third of the Series of Games for the World's Championship.

Pittsburgh, Pa., Oct. 18.—Pittsburgh played ball in old time form and did not leave Brooklyn a leg to stand on.
